**B**roker Briefcase is an Internet-based application used by Passey-Bond Co., Inc. to provide our clients with the most up-to-date industry, legislative, safety, and employee education and communication materials. The communication and information campaigns available to Passey-Bond Co., Inc. through this valuable tool will help you educate your employees and potentially reduce claims costs.

## Technology.

Broker Briefcase lets Passey-Bond Co., Inc. harness the power of the Web and place it in your hands. This exclusive tool allows us to give you access to hundreds of professionally-developed insurance and safety related materials. We can download documents that you may have otherwise had to have prepared on your own, customize them for your specific needs, and send them to you in hard copy or electronically — saving you time and increasing the effectiveness of your communications efforts.

## Information.

Knowledge is power, and everything you need to keep your employees "in the know" about maintaining a safety-minded work environment is available to Passey-Bond Co., Inc. through Broker Briefcase. We can help you develop ongoing communication campaigns, make announcements, provide employee education, and much more.

## Value.

Few brokers can provide the kind of value-added service that Passey-Bond Co., Inc. can using Broker Briefcase. The communication and educational tools we provide to you and your employees make us far more than your insurance broker. Passey-Bond Co., Inc. is your year-round insurance and safety communication consultant.
